Overview

The Hawaii Child Support Enforcement Agency (CSEA) IVR system allows callers to perform the following actions:

- Listen to instructions on using the system
- Listen to case information, including:
 - ♦ Payments / Disbursements / Balances
 - ♦ Case status
 - ♦ Hearings
 - ♦ Enforcement actions
- Request forms to be mailed
- Access special contact numbers if attorneys, employers, and out of state agencies
- Listen to general information
- Transfer to a Customer Service Representative (CSR)

System Specifics

System Entry

When a call is received, the Hawaii CSEA system first determines if the IVR is available. IVR availability is configurable through the System Administration application (refer to System Administration).

If the IVR is not available, the caller is informed and transferred to a Customer Service Representative (CSR). If the IVR is available, a brief greeting message is played.

Optional Message

Following the greeting, an optional message plays, if enabled. The optional message can be used to inform callers of any special situations that exist or inform callers of upcoming events. The optional message can be activated by the system administrator through the System Administration Interface (refer to *System Administration* section).

System Usage Options

The Hawaii CSEA application is designed so that callers can use the system with speech recognition or as a touchtone system. Each prompt allows callers to respond using touchtone or spoken responses.

Main Menu

The Main Menu options are as follows:

- Instructions for first time users
- Account and payment information
- General information
- Special contacts for attorneys, employers, and out of state agencies
- Transfer to a CSR
- Repeat these options

If the caller selects instructions, a message plays detailing how to use the system. The caller can repeat the message or return to the Main Menu.

Account Entry

Callers selecting account information from the Main Menu are prompted to enter and confirm their Personal Identification Number (PIN) (7-10 digits, all numeric) and access code (4 digits, all numeric). Callers who do not have a PIN and access code can request that a PIN and access code be mailed to them if they have a valid address. The caller must enter their SSN which is used to verify the user's address in the CSEA import file. If no SSN is found in the import file, or if the SSN does not have a valid address, the caller is informed and transferred to a CSR during business hours, or asked to mail in their request if the call is after hours.

If the caller enters a valid account number, looks up the account in the CSEA import file. If the account is found, the system ensures that the access code matches the account. If so, the call flow continues to Case Selection. If the account is not found, or if the access code does not match the account, the caller is prompted to re-enter the numbers, request their PIN/access code, transfer to a CSR, or return to the Main Menu.

Case Selection

Once a valid account is identified by the caller, retrieves all cases associated with the account. If there is only one case, the system announces the case number to the caller, and the flow continues to the appropriate case menu (*see below*). If more than one case is associated with the account, the system prompts the caller to either provide a case number (7-9 digits, all numeric) or listen to a list of cases. If the caller selects the list, the system builds a menu of the available cases, and prompts the caller to select the case they are accessing by reading back the case numbers of the cases for the caller to choose from. Once selected, the call flow continues to the appropriate case menu.

Case Menus

The options from which a caller can select depend on the identity of the caller in relation to the case selected. A caller can be identified as one of four types:

- Custodial Parent, IV-D Participant (CP IVD)
- Non-Custodial Parent, IV-D Participant (NCP IVD)
- Custodial Parent, Non-IV-D Participant (CP Non-IVD)
- Non-Custodial Parent, Non-IV-D Participant (NCP Non-IVD)

CP IVD Case Menu A caller identified as CP IVD is presented with the following case options:

- CP Payment information
- Case status (if case status is enabled)
- Information on hearings
- Request forms to be mailed
- Select a different case (only offered if the account has multiple cases and if multiple case lookup is enabled)
- Transfer to a CSR
- Return to the Main Menu
- Repeat these options

NCP IVD Case Menu

A caller identified as NCP IVD is presented with the following case options:

- NCP Payment information
- Case status (if case status is enabled)
- Enforcement actions
- Information on hearings
- Request forms to be mailed
- Select a different case (only offered if the account has multiple cases and if multiple case lookup is enabled)
- Transfer to a CSR
- Return to the Main Menu
- Repeat these options

CP Non-IVD Case Menu

A caller identified as CP Non-IVD is presented with the following case options:

- CP Payment information
- Request forms to be mailed
- Listen to list of IV-D services
- Select a different case (only offered if the account has multiple cases and if multiple case lookup is enabled)
- Transfer to a CSR
- Return to the Main Menu
- Repeat these options

NCP Non-IVD Case Menu

A caller identified as NCP Non-IVD is presented with the following case options:

- NCP Payment information
- Request forms to be mailed
- Listen to list of IV-D services
- Select a different case (only offered if the account has multiple cases and if multiple case lookup is enabled)
- Transfer to a CSR
- Return to the Main Menu
- Repeat these options

CP Payment Information

When a CP caller selects the payment information option, the caller is presented with the following menu:

- Amounts applied (Allocations) to the case in the last 2 months
- Disbursements for last 2 months
- Obligation balances
- Other options for the case
- Transfer to a CSR
- Return to the Main Menu

Allocations

When the allocation option is selected, the system captures the payments from the last 2 periods. If there are no allocations, the caller is informed and returned to the CP Payments menu. If there are allocations, the system plays back the following information for each:

- Period amount was applied (month and year)
- Amount applied
- Date payment received

After all allocations are played back, the caller is returned to the CP Payments menu.

Disbursements

When the disbursement option is selected, the system captures the disbursements from the last 2 periods. If there are no disbursements, the caller is informed and returned to the CP Payments menu. If there are disbursements, the system plays back the following information for each:

- Period amount was disbursed (month, year)
- Check number (if available; only included in the import file for payments disbursed via paper check)
- Disbursement amount
- Issued to (receiver of disbursement noted by FIPS code, default to CP)
- Date Issued
- Whether check was cashed (if applicable; only included in the import file for payments disbursed via paper check)
- If disbursement was disbursed for multiple cases, amount disbursed for each case

To determine the method of disbursement, each disbursement record will include a disbursement method of either 'C' (check), 'E' (electronic), or "blank" (reimbursement of TANF benefits).

To determine the receiver of a disbursement, each disbursement record will be accompanied by one or more of the following: FIPS code, Check number, or "blank".

- If the FIPS code exists along with the Check number and a method of 'C', the disbursement was issued by check to the State corresponding to the FIPS code.
- If the FIPS code exists with no Check number and a method of 'E', the disbursement was issued electronically to the State corresponding to the FIPS code.
- If the Check number exists without the FIPS code and a method of 'C', the disbursement was issued by check to the custodial parent of the case.

- If there is no Check number listed and no FIPS code and a method of 'E', the disbursement was issued electronically to the custodial parent of the case.
- If there is no Check number listed and no FIPS code and a method of 'blank', the disbursement was issued to the State of Hawaii as a reimbursement of TANF benefits.

After all disbursements are played back, the caller is returned to the payment menu.

Balances

When the balances option is selected, the system determines if a balance exists. If there is a zero balance, the caller is informed and returned to the CP Payments menu. If there are balances, the system plays back the following information:

- Balance owed to CP (if applicable)
- Balance owed to State (if applicable)
- Total balance
- Notification that an OIW served to employer of the NCP (if applicable)

The caller is then returned to the CP Payments menu.

NCP Payment Information

When an NCP caller selects the payment information option, the caller is presented with the following menu:

- Payments and allocations for last 2 months
- Obligation balances
- Other options for the case
- Transfer to a CSR
- Return to the Main Menu

Payments and Allocations

When the allocation option is selected, the system captures the payments from the last 2 periods. If there are no payments or allocations, the caller is informed and returned to the NCP Payments menu. If there are payments or allocations, the system plays back the following information for each:

Payments not applied

- Amount
- Date payment received

Payments applied

- Amount applied
- Date payment received
- Period amount was applied (month, year)

After all payments and allocations are played back, the caller is returned to the NCP Payments menu.

Balances

When the balances option is selected, the system determines if a balance exists. If there is a zero or credit balance, the caller is informed and returned to the NCP Payments menu. If there are balances, the system plays back the following information:

- Balance owed to CP (if applicable)
- Balance owed to State (if applicable)
- Total balance

The caller is then returned to the NCP Payments menu.

Case Status

When the case status option is selected, the system determines which case status activities are marked with an “Active” flag.

If no activities are marked as active, the caller is informed and returned to the appropriate case menu.

If there are activities marked, the system plays back all activities marked active.

The caller is then given the following options:

- Repeat the information
- Other options for the case
- Transfer to a CSR
- Return to the Main Menu

NCP IVD Enforcement

When the enforcement option is selected from the NCP IVD case menu, the system determines the available information concerning enforcement for the case. If there is no information for each item, that item is not read back. If there is information, the system plays back the information.

Information:

- Federal offset information, read back federal offset referral date and amount of last balance reported
- State offset information, read back state offset referral date and amount of last balance reported
- Credit bureau reporting, read back credit bureau and referral date
- Order for Income Withholding amount, read back total amount
- Suspended license information, read back notice referral date, release date, or notice certification date (only provided if license suspension information is enabled as a System Parameter setting).

The caller is then given the following options:

- Repeat the information
- Other options for the case
- Transfer to a CSR
- Return to the Main Menu

Hearings

When the hearings option is selected, the system checks for hearing or meeting types with a date.

If no hearings or meetings have been scheduled, the caller is informed and returned to the appropriate case menu.

If a hearing or meeting is scheduled, the hearing or meeting type, date, time, and location are played back for all scheduled hearings and meetings

The caller is then given the following options:

- Repeat the information
- Other options for the case
- Transfer to a CSR
- Return to the Main Menu

Request Forms

When a caller requests forms to be mailed, a brief introduction plays informing the caller that all forms available for a case may be requested once each during a single day.

A list of the available forms then plays. After each form in the list is played, the system prompts the caller to select the form or continue. After the last form is played, the system determines if the caller chose any forms. If not, the caller can repeat the list, or return to the appropriate case menu.

If the caller did select one or more forms, the system repeats these forms back to the caller for confirmation. Once confirmed, the system writes the form numbers to the export file. The caller is then given the option to return to the appropriate case menu or the main menu.

General Information

Callers selecting the General Information option are presented with a menu that may include up to eight options. Each option may include a general information message and/or a submenu of up to eight options. This may continue for several levels of messages and/or menu options.

While the general information module is dynamic and the options and the messages can be changed, the CSEA general information module will be initially configured as follows.

General information topics include:

- Office locations and hours
 - ♦ Oahu
 - ♦ Hawaii
 - ♦ Maui
 - ♦ Kauai
- Information about making payments
 - ♦ Address to mail payments (State Disbursement Branch)
 - ♦ Payment Processing including direct deposit
 - ♦ Public Assistance
- Enforcement services and actions
 - ♦ Collection of OIW & UIB
 - ♦ Federal Offset Program
 - ♦ State Tax Offsets
 - ♦ Referral of Names to Credit Bureau
 - ♦ Liens
 - ♦ Medical Support
- Paternity services
- Orders services
 - ♦ Establishment of support
 - ♦ Modification of support
 - ♦ Termination of support
- Interstate services
- Listing of services available to case participants who qualify for IV-D Services
- Location services
- Frequently asked questions
 - ♦ Change of custody
 - ♦ Emancipation
 - ♦ Closing a case
 - ♦ Tax intercept claims
 - ♦ IVD vs. Non-IVD cases
 - ♦ Adoption
 - ♦ Other information

Special Contacts Callers selecting the special contacts option from the Main Menu are prompted to identify themselves as attorneys, employers, or out of state agencies.

Attorneys If the caller is identified as an attorney, the system determines if the call is during attorney service hours (System Availability hours). If during

hours, the call is transferred to the attorney service line (the IVR attempts to transfer the caller to a series of attorney transfer numbers until an open line is found and the call is transferred). If not during hours, the caller is informed of the hours and offered the option of returning to the Main Menu.

Employers

If the caller is identified as an employer, the system determines if the call is during customer service business hours. If during hours, the caller is given the options to listen to information concerning employers, transfer to a State Disbursement Branch representative, or transfer to a CSR. If not during hours, the caller is informed of the hours and given the option to listen to information concerning employers or hang up.

If the caller selects to listen to information concerning employers, the caller is given the following employer information options:

- Wage withholding
- Medical enforcement
- EFT information
- Employer responsibility
- New hire reporting
- Information on stopping payments

Each option plays an informational message. After listening to each message, the employer information options repeat.

Agencies

If the caller is identified as an out of state agency, the system determines if the call is during customer service business hours. If during hours, the call is transferred to a CSR. If not, the caller is informed of the hours and given the option of leaving a voice mail message or hanging up.

FIPS Entry for Agency Voice Mail

If the caller opts to leave a voice mail message, the system prompts the caller to enter a FIPS number, which identifies the state agency. If the FIPS number is valid, the caller is transferred to voice mail. If the FIPS number is not valid, the caller is allowed to retry the number or return to the Main Menu.

Transfers

All transfer during non-business hours will be played a message stating the business hours and to call back during those hours. The caller is given the option of returning to the Main Menu or hanging up.

If during business hours, the IVR determines if KEIKI is down (configurable System Parameter). If KEIKI is down, the caller is informed that representatives will only be able to answer general inquiries. The caller is given the option of returning to the Main Menu or continuing to transfer.

For callers who are transferred, the system determines if the CSEA ACD is full (IVR receives a busy signal). If the ACD is full, the caller is

informed and returned to the Main Menu.

System Administration

System Administration Application provides the CSEA System Administrator access to system administration functions.

The System Administration Application provides the following options:

- **Reports** – allows the administrator to generate system reports. Date ranges and report destination are configurable (refer to *Reports* section)
- **Auto Reports** – allows system reports to be automatically generated on a regularly scheduled basis
- **System Settings** – allows the administrator to configure system parameters such as:
 - ♦ Transfer extensions (provide the transfer extension for CSR, Voice Mail, and Hotline transfers)
 - ♦ Multiple Case Lookup (allows callers to access more than one case per call when enabled)
 - ♦ Case Status Lookup (allows caller to access case status when enabled)
 - ♦ License Suspension Lookup (allows callers to hear license suspension information as part of Enforcement actions flow when enabled)
 - ♦ Enable Greeting Barge Ahead (allow callers to “key ahead” without listening to the Greeting)
 - ♦ Enable Main Menu Barge Ahead (allow callers to “key ahead” without listening to the entire Main Menu script)
 - ♦ Enable Hold Message (when enabled, system plays the (configurable) estimated hold time to callers who are being transferred to a representative.
 - ♦ Hold Time (provide the number of minutes the caller is estimated to be on hold before reaching a representative).
 - ♦ Enable Optional Message (when enabled, the system plays the optional message greeting message).
 - ♦ Enable General Information (Enables the General Information module. If this box is left unchecked, callers who select the

option for General Information will be informed that no information is currently available and will be returned to the Main Menu).

- **Hours of Availability** – allows the administrator to set hours of availability for:
 - ♦ IVR availability
 - ♦ Customer Service Representatives
 - ♦ Attorney Transfers
- **Attorney Transfer Extensions** – allows the administrator to manage the attorney transfers extensions.
- **Manage Users** – Create users and manage their system access (including ability to change passwords)

Reports

System Reports

The Hawaii CSEA system provides the following system reports:

- Call Summary – The Call Summary report provides summary information about all calls received during the designated report period.
- Call Details – The Call Details report provides specifics about each call received during the designated report period.
- Port Usage – The Port Usage report provides a matrix of port number represented along the y-axis and time (hourly) represented along the x-axis, with call volume for time/port specified.

Manual Reports

System Reports can be manually generated in the System Administration Application. The date range of each report is configurable.

Auto Reports

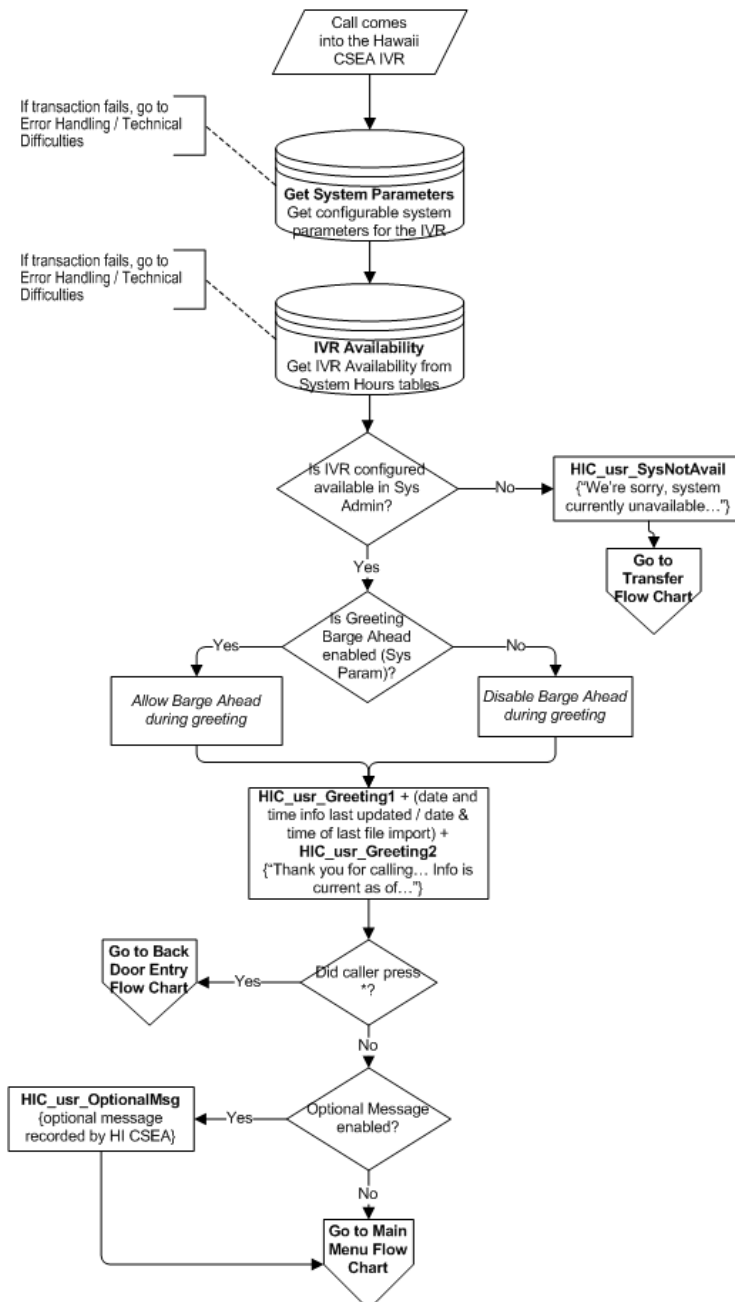

The Auto Reports option of the System Administration Application allows the system reports to be automatically generated, and either printed to an attached (or network) printer, emailed to a designated email address, or placed on a network directory.

Call Entry Voice Scripts

English Speech Recognition Voice Files	
File Name	Message
HIC_usr_SysNotAvail	We're sorry. The State of Hawaii Child Support Enforcement Agency system is currently unavailable.
HIC_usr_Greeting1	Thank you for calling the State of Hawaii Child Support Enforcement Agency automated information system. This automated system is available 24 hours a day. Information is current as of...
HIC_usr_Greeting2	<p>If you have not signed up for the receipt of payments through direct deposit to your bank account, you will be enrolled in a debit card program with US Bank called ReliaCard. This change in the way that payments are disbursed to custodial parents will occur over a two month transition period beginning November 4, 2009.</p> <p>When your name is selected for conversion to the debit card program, you will receive your personal ReliaCard along with information and instructions for its use in the mail. The only requirement for receiving your ReliaCard is that you must have the following personal data on file with the Child Support Enforcement Agency: mailing address; social security number; and, date of birth. If any of these items are missing and you have not signed up for direct deposit, payments may be delayed or returned to the Non-custodial Parent. Please also be aware that during the conversion to the debit card, your initial access to the payment may be delayed until you activate the card.</p> <p>Write to us, or call a customer service representative with your PIN and access code to sign up for direct deposit or to update your personal information. This will ensure that your conversion to the electronic transmittal of payments is completed with little or no interruption to your receipt of child support payments.</p>

File Name	Message
HIC_usr_MainMenuOpts	If you are a first time user and need instructions for using this system, say "Instructions" or press 1. For account and payment information, say "Account" or press 2. For general information, say "General Information" or press 3. If you are an attorney, employer, or out of state agency, say "Special Contact" or press 4. To speak with a representative about any other information at any time, say "Representative" or press zero. To repeat these options, say "Repeat" or press star.
HIC_usr_DifferentInfo	Do you want to look up information for a different case? Say "yes" or press 1, or say "No" or press 2.
HIC_usr_SystemInstructions	In addition to general information, this system provides information on payments, case status, and scheduled hearings. You can also request forms using this system. To access information specific to your account, you will need your personal identification number and your access code. Your personal identification number is seven to ten digits and your access code is four digits. Both numbers were sent to you on our introduction notice, form FSU004, that was mailed to you upon the establishment of your case. The case number is the seven to nine digit number that can be found on a number of different forms that have been transmitted to you including notices, application for services and billing/statements. Please refer to the correspondence that you have received from our office. If you do not have your personal identification number and access code, you may request that they be mailed to you. Select the account option at the main menu, and at the prompt that asks if you have your personal identification number and access code, indicate that you do not. You will need your Social Security Number to request a new PIN and access code.
HIC_usr_SystemInstructionsOpts	To repeat this information, say "Repeat" or press star. To return to the Main Menu, say "Main Menu" or press pound.

General Information Voice Scripts

General Information	The general information module allows for flexibility in managing the menu options and messages to meet current and future needs. To make changes to the menu options and/or messages, Hawaii CSEA must contact Customer Support, allowing a reasonable timeframe for voice file recording and editing, and for configuration of the menu structure.
Demonstration Scripts	The phrase voice files used to construct the menu options use a naming convention that simplifies updates to menus or scripting. Since the menus are comprised of multiple voice files, demonstration menu scripts are provided below. The demonstration script presents the menu as a caller would hear it.
Information Menu	For office locations and hours of operation, say “Offices” or press 1. For information about making payments, say “Payments” or press 2. For enforcement services and actions, say “Enforcement” or press 3. For paternity services, say “Paternity” or press 4. For orders services, say “Orders” or press 5. For interstate services, say “Interstate” or press 6. For a listing of services that are available for case participants who qualify for IV-D Services, say “Listing” or press 7. For services concerning locating non-custodial parents and their employers, say “Locate” or press 8. For frequently asked questions about child support, say “Questions” or press 9. To speak to a customer service representative, say “Representative” or press zero. To return to the main menu, say “Main Menu” or press pound. To repeat these options, say “Repeat” or press star.

HIC_usr_TRIG_Repeat	Say “Repeat” or press star.
HIC_usr_INFO_Paternity	<p>The purpose of paternity establishment is to determine the legal father of a child born to parents not married to each other. Both alleged fathers and presumed fathers may be included in the paternity establishment process. The alleged father is the father named by the requestor. The presumed father is the father who is or was married to the child's natural mother, and the child was born during the marriage or within 300 days after the marriage is terminated; or the presumed father's name appears on a birth certificate issued prior to 01/01/98.</p> <p>Paternity establishment is a judicial process carried out by the Family Support Division which is responsible for all CSEA paternity establishment in Hawaii. Through the Family Support Division, CSEA takes action to establish paternity only when child support and /or medical support is at issue for the child. A presumed father may not request that CSEA take action to disestablish his paternity. Whenever possible, child support orders are established in conjunction with the paternity legal proceedings.</p> <p>If paternity for a child is at issue, the paternity establishment process may be initiated when:</p>

English Speech Recognition Voice Files – Information Menu

File Name	Message
	<ul style="list-style-type: none"> ▪ CSEA receives an automated referral on a public assistance case. ▪ The custodial or non-custodial parent requests paternity establishment. ▪ CSEA receives an interstate request from another IV-D agency. ▪ CSEA has sufficient locate information available on an existing case in which paternity could not previously be determined to initiate the paternity establishment process. ▪ Steps in the paternity establishment process include: ▪ Obtaining financial data and other pertinent information on all parties. ▪ Generating and serving the legal documents. ▪ Evaluating responses and level of cooperation. ▪ Scheduling genetic testing when requested or ordered. ▪ Representing CSEA in court proceedings. ▪ Establishing paternity and child support orders. <p>The paternity establishment processing function is further broken down into expedited or routine processing paths. Expedited processing is used when there is a single alleged father who is named on the birth certificate. Routine processing is used when multiple alleged fathers are named, the alleged father is not named on the birth certificate, and/or the birth certificate/birth expense information is not returned. When the custodial and non-custodial parents have signed the Hawaii Voluntary Establishment Of Paternity By Parents form, or an equivalent form from another state, the case is routed through order establishment since paternity is no longer at issue.</p> <p>For cases in which the alleged father does not reside in Hawaii and the child was not conceived in Hawaii, interstate procedures are used to establish paternity. When the alleged father resides in another state, but the child was conceived in Hawaii, long arm paternity establishment procedures are used. If this process fails, interstate procedures are attempted.</p>
HIC_usr_INFO_Interstate	<p>Interstate cases are processed under the Uniform Interstate Family Support Act (UIFSA). This act allows one state to request another state or jurisdiction to act in their behalf to establish, modify, or enforce an order. A state may petition for establishment of paternity or support, modification of an existing order, enforcement of an order, or collection of</p>

HIC_usr_INFO_Collection	<p>All new court orders for child support include provisions for immediate income withholding. An Order or Notice to Withhold Income for Child Support is served on the Non-Custodial Parent's employer by regular mail. The employer is required to begin deducting child support payments from their employee's wages or benefits and forward the amount to the Child Support Enforcement Agency. The income withholding by the employer remains in effect until an order terminating the Order to Withhold Income is filed and served upon employer or a Notice Terminating Income Withholding is sent. The Hawaii Child Support Enforcement Agency works with the State of Hawaii's Department of Labor and Industrial Relations to withhold child support from any unemployment benefits that a Non-Custodial Parent qualifies to receive.</p>
HIC_usr_INFO_Federal	<p>The Hawaii Child Support Enforcement Agency, or CSEA, uses the Federal Offset Program that includes, Federal Tax Refund Offsets, the Passport Denial and the Administrative Offset Programs, to collect past due support obligations from the Non-custodial parent.</p> <p>The Federal Tax Refund Offset Program is used to collect past-due child support payments from the federal income tax refunds of parents who have been ordered to pay child support. If you have received a notice indicating that your federal income tax refund has been intercepted any you wish to contest that action, you must contact the agency that submitted you name to the Federal Offset Program. The notice that you received includes information on who you must contact.</p> <p>If you filed a joint federal income tax return, your spouse may be able to get back his or her share of the federal income tax refund. For More information, return to the previous menu, select Frequently Asked Questions, and then Federal Income Tax Return information.</p> <p>Passport Denial provides that a person may be denied the issuance or renewal of a passport if the person owes \$5,000 or more in past due child support. The Secretary of State may take action to revoke, restrict, or limit a passport previously issued to an individual owing such past due child support.</p>

English Speech Recognition Voice Files – Enforcement Menu	
File Name	Message
	<p>If you have attempted to obtain or renew a passport and were denied, you must contact the state child support enforcement agency who submitted you for the Federal Offset Program to make arrangements to pay your outstanding child support obligation. Please note that you may be required to pay all outstanding child support amounts owed before you are allowed to obtain or renew a passport.</p> <p>The Administrative Offset Program is used to collect past-due child support payments by withholding federal payments that are paid to non-custodial parents such as expense reimbursements, travel or retirement payment.</p> <p>If you have received a notice indicating that your federal payment has been intercepted and you wish to contest that action, you must contact the state child support enforcement agency that submitted you to the Federal Offset Program. The notice that you received includes information on who you must contact.</p>
HIC_usr_INFO_State	<p>Section 231-51 through 231-53 of the Hawaii Revised Statutes permits the retention of your state income tax refund to satisfy part or all of this debt. The debt may include delinquency in periodic court-ordered or administratively ordered payments of child support, medical support, or spousal support when ordered in conjunction with child support. It may also include any liquidated sum due and owing for child support, medical support, and spousal support when being collected in conjunction with child support.</p> <p>If the amount of the refund is greater than the amount necessary to satisfy the child support debt, the difference shall be refunded.</p>
HIC_usr_INFO_Credit_Bureau	<p>If you are delinquent in the payment of your support payments, Section 576D-6 of the Hawaii Revised Statutes and Title 5-31-29 of the Hawaii Administrative Rules provides the Child Support Enforcement Agency with the authority to give information regarding delinquent accounts to any consumer reporting agency (credit bureau).</p> <p>On a monthly basis, cases eligible for credit bureau reporting are selected. Upon receipt of the notice of proposed credit reporting, the Non-Custodial Parent may make a written request for a hearing to contest the proposed credit bureau reporting within a specified number of days. If the hearing request is not received within the allowed time, the overdue child support is reported to the credit bureau.</p>

	<p>Support Enforcement Agency. The Child Support Enforcement Agency, or “CSEA”, uses an administrative process where hearings officers from the Office of Child Support Hearings issue decisions relating to child support. The administrative orders issued by the hearings officers have the same force and authority as the child support orders issued by the Family Court.</p> <p>The amount of child support owed by a parent is calculated using the Child Support Guidelines. The Guidelines take into account each parent’s capacity to contribute income toward the support of their children. The calculations begin with a determination of both parents’ gross monthly income and the minimum support needs of the children. The cost of health insurance coverage for the children and child care expenses for the working parent are factors in the calculation. The amount of child support calculated using the Guidelines must be followed unless the Family Court or administrative hearings officer finds that there is an exceptional circumstance which allows for the departure from the Guidelines amount. The Guidelines sets a minimum child support amount of \$50.00 per child per month.</p> <p>When a child support order is issued by the Family Court or by an administrative hearings officer, an order for income withholding must also be issued. The order for income withholding requires that the employer deduct the amount of child support from the parent’s wages and send the amount to the CSEA. In certain circumstances, the Family Court may allow for child support to be paid directly from one parent to the other, rather than through an income withholding to the CSEA.</p>
HIC_usr_INFO_Modification	<p>An order for child support may be modified if a change in the circumstances of either parent has occurred since the order was originally issued or at least three years have passed since the order was last reviewed for a modification. The party seeking the modification may choose to start the process by going through the Family Court or by applying for services with the CSEA.</p>
HIC_usr_INFO_Termination	<p>A Hawaii order for child support may be terminated through the Family Courts or through the Hawaii Child Support Enforcement Agency, or CSEA. The CSEA uses an administrative process where hearing officers from the Office of Child Support Hearings issue decisions relating to child support. The administrative process requires that both parties be served with a proposed administrative order</p>

HIC_usr_INFO_Custody	<p>If you are calling about terminating your child support obligation because custody of your child or children has changed from the other parent to you, you must submit a copy of the court order awarding custody of the child or children to you. You may submit the documents by mail to the Hawaii Child Support Enforcement Agency, or in person. Please include your name, the other parent's name, and your case number.</p>
HIC_usr_INFO_Emanicipation	<p>The duration of a parent's duty to support a child is determined by the terms of the child support order and the laws of the state that issued the child support order. In Hawaii, the duty of support ends when a child turns 18 years of age unless the child support order provides for continued support past the age of majority. Typically, Hawaii child support orders provide for continuing child support up to the child's 23rd birthday if the child is a full-time student in an accredited college or university or vocational school. The Hawaii Child Support Enforcement Agency requires that the custodial parent or the child provide proof of continued education for the fall and spring semesters of each school year.</p> <p>Conditions that may lead to the termination of your support obligation include: a break in school enrollment or a failure to provide proof in a timely manner; the child entering active duty military service; or the child's marriage. Please review</p>

English Speech Recognition Voice Files – FAQ Menu

File Name	Message
	<p>your child support order to identify the specific situations when child support is to be terminated.</p> <p>If there are no terms in your order specifying when child support is to be terminated, the laws of the state that originally issued the child support order would apply.</p>
HIC_usr_INFO_Closing	<p>Parents whose children are recipients of Temporary Assistance to Needy Families, Medicaid, or foster care do not have the option of discontinuing child support services. If you are not a current public assistance recipient or if you were the parent who applied for child support services and you would like to discontinue receiving child support services, you will need to make a request for the discontinuation of services in writing. Please be informed that the child support obligation is not necessarily terminated upon discontinuance of child support services. If services are discontinued, a new application needs to be completed and filed with the agency should you want to reactivate services.</p>
HIC_usr_INFO_Non_Debtor_Spouse	<p>If your State of Hawaii tax refund has been intercepted to pay a child support debt that is owed by your spouse, you may be entitled to a portion of the joint refund. In accordance with Section 231-57 of the Hawaii Revised Statutes, your share of the joint refund would be proportionate to the amount of your gross earnings. This means that you may be entitled to the same percentage of the refund as you contributed to the joint earnings.</p> <p>If you wish to apply for the return of your portion, send photocopies of the actual tax return and W-2 and other equitable wage earning statement documents that you submitted to the State of Hawaii, Department of Taxation. Send all documents to your local office of the Hawaii Child Support Enforcement Agency - or CSEA.</p>
HIC_usr_INFO_Injured_Spouse	<p>If you and your new spouse (called an “injured” spouse) file a joint federal income tax return, your spouse may be able to get back his or her share of the federal income tax refund. Your spouse may file a request for an Injured Spouse Claim and Allocation of a Joint Return with the Internal Revenue Service, to claim his or her portion of any federal income tax refund due. The Internal Revenue Service encourages the injured spouse to file the claim at the same time the federal income tax return is filed.</p> <p>If the Hawaii Child Support Enforcement Agency is notified that you have filed a joint federal income tax return with your new spouse, the Agency may hold part or all of the federal income tax refund for up to six months, while waiting for the</p>

File Name	Message
	Internal Revenue Service's notification of any Injured Spouse Claim that may have been filed.
HIC_usr_INFO_Cases	<p>The Hawaii Child Support Enforcement Agency, or CSEA, handles both Title IV-D cases and Non-Title IV-D cases. A Title IV-D case means that the CSEA is providing a full range of child support services as required by federal law. Such services may include, establishment of paternity, establishment of a child support order, and a wide range of enforcement actions to collect child support, such as withholding of wages and other types of income, interception of tax refunds, and liens on real property. Enforcement of the medical insurance provisions of the child support order is also required in Title IV-D cases if the obligor does not provide proof of having enrolled the child in a medical insurance plan.</p> <p>CSEA also handles Non-Title IV-D cases. Non-Title IV-D cases receive only services limited to receiving child support from the payer and sending the child support to the payee as required by the child support order. Anyone wishing to receive Title IV-D child support services may submit a completed and signed application form to the CSEA. If you have an account with CSEA and would like to request an application through this system, return to the Main Menu and select the Account option.</p>
HIC_usr_INFO_Adoption	<p>The adoption of a minor child is a valid reason for the termination of the on-going child support obligation. The termination provisions of the child support order determine what action is necessary to stop the child support obligation from continuing to accrue. If the child support order specifies that child support terminates upon the adoption of the child, no further court or administrative order is necessary to terminate the child support obligation. If the child support order does not specify that child support terminates upon the adoption of the child, an order terminating child support is necessary to stop the child support obligation from continuing to accrue. A copy of the adoption decree must be provided to the Hawaii Child Support Enforcement Agency before any action to terminate child support can be taken.</p>
HIC_usr_INFO_Information	<p>Child support may be established, modified, terminated, or enforced through the Family Courts or through the Hawaii Child Support Enforcement Agency – or CSEA. HIC_usr_WageWithhold	<p>Federal and State laws provide for improved enforcement mechanisms including mandatory income withholding and expedited processes for establishing and enforcing child support orders, whether or not there is an arrearage owed.</p> <p>Because it taps the non-custodial parent's income at the source and becomes a regularly deducted item like Social Security, withholding has proven to be a very effective tool for enforcing child support obligations.</p> <p>By withholding income for child support, employers are providing a valuable community service. Withholding ensures that non-custodial parents, who are legally and morally responsible, provide support for their children so the burden does not fall on the taxpayers.</p>
HIC_usr_MedEnforce	<p>If you are the employer, you may receive a National Medical Support Notice for an employee. Federal and State law require the Child Support Enforcement Agency, or CSEA, to use the National Medical Support Notice to enforce an order requiring the employee to provide medical insurance coverage for the child. The instructions provide detailed information, including the timeframes, on the actions that must be taken. If you have more questions, you may contact the CSEA Employer Line at 808-692-7029.</p>
HIC_usr_EFTInfo	<p>The Hawaii Child Support Enforcement Agency, or CSEA, is currently accepting employers' withholding of child support payment through Electronic Fund Transfer – or EFT. Should you be interested in finding out more information on this process, please fax your request to our EFT coordinator at 808-692-7134. We will mail you an employer EFT packet that will assist you in getting started in the right direction. You may contact Bank of Hawaii and payroll service providers such as Ceridian and ADP</p>

	regarding EFT if you are already working with one of those companies.
HIC_usr_EmpRes	<p>The following is a brief summary of your legal responsibility as an employer under the Hawaii Revised Statutes Section 571-52, Section 576E-1, and Section 576E-16.</p> <ol style="list-style-type: none"> 1. An Order/Notice to Withhold Income, or OIW, will tell you when to begin, how much to deduct, and where to send the support amount withheld. This OIW has priority against garnishment, attachment, execution, or other income withholding orders. 2. Income is defined as salaries, wages, earnings, workers' compensation, unemployment compensation, disability benefits, commissions, independent contractor income, and any other entitlement to money including pension, annuity, retirement, disability or death benefit. 3. Withholding must begin no later than the first pay period that occurs within 7 business days upon receipt of the OIW. 4. You must forward the amount withheld to the Child Support Enforcement Agency (CSEA) within 5 working days after the employee's payday. 5. If you withhold support for several employees, you may combine the amounts into one check, provided you include a listing of the date and amount withheld for each employee. 6. The total amount which may be withheld from any paycheck is limited to that specified by the Consumer Credit Protection Act (CCPA). CCPA limits are 50% of disposable earnings when the non-custodial parent is living with and is supporting a second family or 60% if there is no second family. Each limit is increased by 5% if payments are in arrears 12 weeks or more. 7. You may not change the amount or discontinue the withholding unless you receive a new OIW or you are notified by the CSEA or the Clerk of the Court. 8. For each payment you withhold and send to the CSEA, you may collect a \$2 administrative fee. This fee is to be deducted only from income and not from the support amount. 9. If you fail to withhold support as specified in the OIW, you will become liable for the full amount you should have withheld from the employee's income. 10. You must immediately inform the CSEA in writing of any change that would affect your ability to comply with the order. When an employee leaves your firm, you must provide his/her last known address and the name and address of the new employer, if you have that information.

File Name	Message
HIC_usr_NewHire	Section 576D-16 of the Hawaii Revised Statutes requires each employer in the State of Hawaii to report the name, address, social security number of each new employee along with the federal identification number and employer address to the Child Support Enforcement Agency. Each report is made by sending a W-4 form or its equivalent to the Hawaii Child Support Enforcement Agency by first class mail, by magnetic or electronic medium, or by fax to 808-692-7001.
HIC_usr_NCPStopPayment	If you sent a payment to the Hawaii Child Support Enforcement Agency, or CSEA, that has not been cashed within 30 days of the mailing date, you must notify the CSEA immediately and provide the check information, a contact name and contact phone number. Check information includes the check number, check date, check amount, post-mark date or date mailed and maker of the check. The CSEA's Statewide Disbursement Branch, or SDB, will research to confirm non-receipt of the payment. You will then be notified whether the check has already been processed or a stop payment should be initiated. For stopped payments, you should provide a replacement check as soon as possible. Mail the replacement check to State Disbursement Branch, P.O. Box 1860, Honolulu, HI 96805-1860. Please include a letter about the payment that is being replaced so that if the original payment is received, it can be returned to you. If the stop payment is initiated prior to notifying the CSEA of the situation, you will be responsible for any penalties or fees incurred.

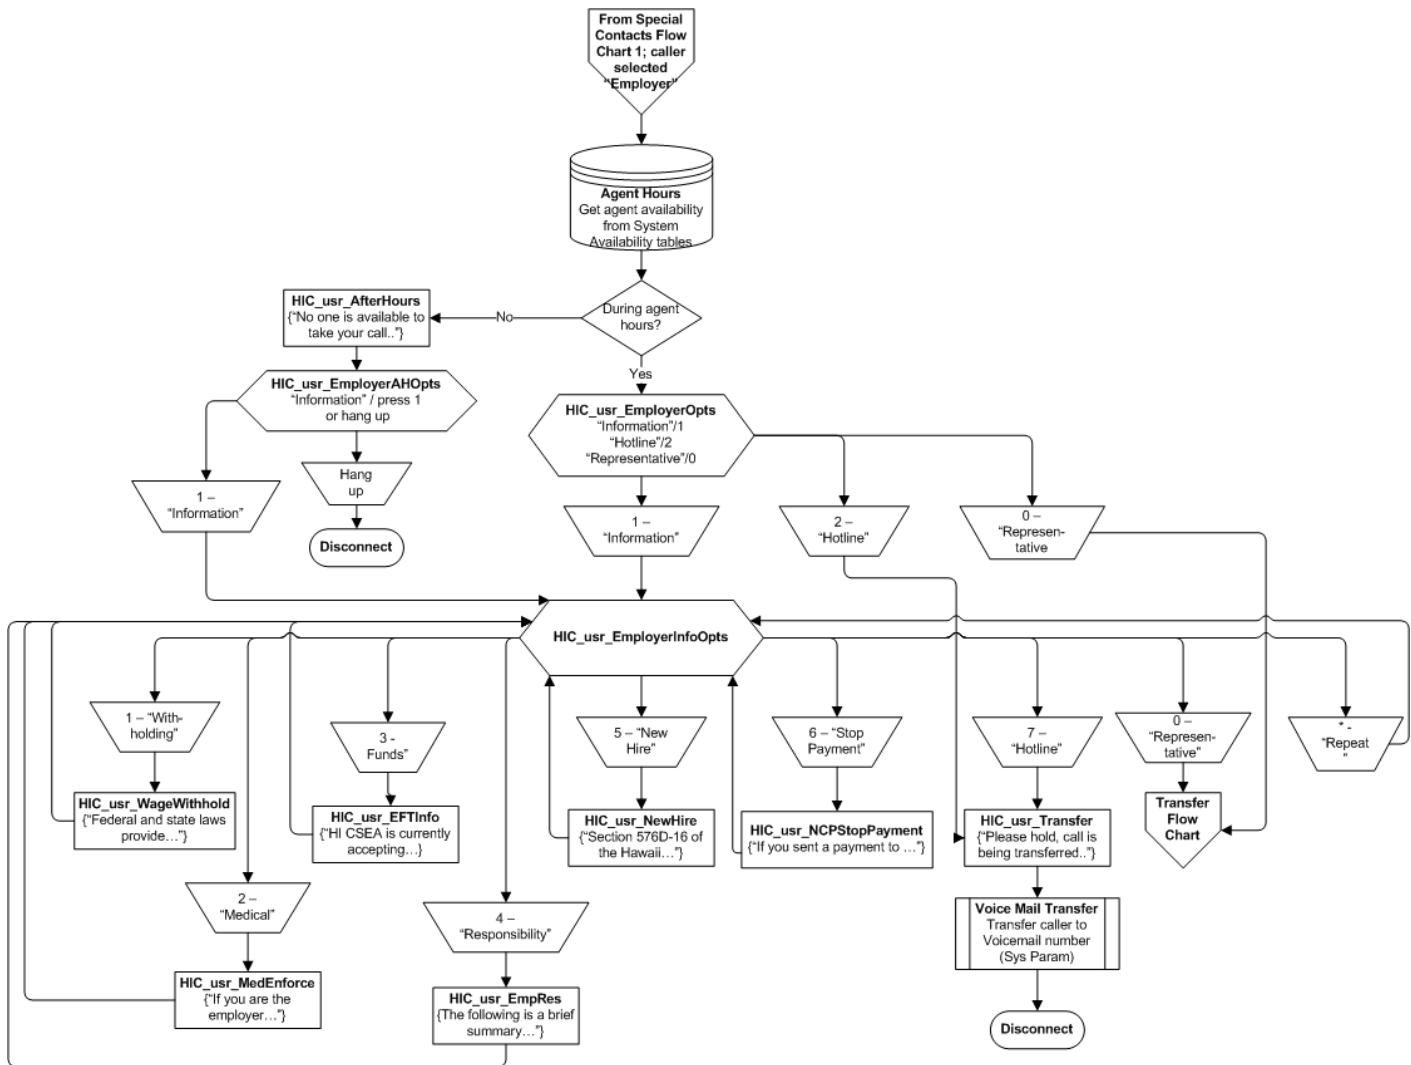

NOTE: For valid FIPS codes, see Receivers of Disbursements in Additional Voice Files.

Additional Voice Files

Receivers of Disbursements and FIPS codes

These voice files are used in the CP Disbursements Flow Chart when informing the caller to whom a check or disbursement was issued. The FIPS codes are also used in the Special Contacts Flow Chart to validate an out of state agency before transferring to a special number.

To determine the method of disbursement, each disbursement record will include a disbursement method of either 'C' (check), 'E' (electronic), or "blank" (reimbursement of TANF benefits).

To determine the receiver of a disbursement, each disbursement record will be accompanied by one or more of the following: FIPS code, Check number, or "blank".

- If the FIPS code exists along with the Check number and a method of 'C', the disbursement was issued by check to the State corresponding to the FIPS code.
- If the FIPS code exists with no Check number and a method of 'E', the disbursement was issued electronically to the State corresponding to the FIPS code.
- If the Check number exists without the FIPS code and a method of 'C', the disbursement was issued by check to the custodial parent of the case.
- If there is no Check number listed and no FIPS code and a method of 'E', the disbursement was issued electronically to the custodial parent of the case.
- If there is no Check number listed and no FIPS code and a method of 'blank', the disbursement was issued to the State of Hawaii as a reimbursement of TANF benefits.

NOTE: If FIPS code for disbursements is not one that is listed below, play Disburse_CP for check and Disbursement_Bank for direct deposit.
